-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Withdrawn Rejections

1. The 35 U.S.C. 103 rejection of claims 2 – 5, 10, 17, 32 and 40 – 42 over Hatch et al. in view of Weinreich and Sinclair et al. in the office action dated March 24, 2006 is withdrawn due to Applicant's amendment in the response dated June 7, 2006.
2. The 35 U.S.C. 103 rejection of claims 6 – 9, 12, 13 and 34 - 37 over Hatch et al. in view of Weinreich, Sinclair et al. and Frater in the office action dated March 24, 2006 is withdrawn due to Applicant's amendment in the response dated June 7, 2006.

Claim Rejections - 35 USC § 101

3. Claims 2 – 13, 17, 32, 34 – 37 and 40 – 43 are rejected under 35 U.S.C. 101 because the claimed invention is not supported by either a specific and substantial asserted utility or a well established utility.

Claims 4 and 17 have been amended to contain the language “the removable adhesive consists of a liquid while adhesive coupling the successive sheets to each other”. There is no support in the specification to show how the adhesive functions as a liquid and how the liquid adhesive stays in place in between the sheets. The specification is silent with regard to how the liquid adhesive is placed in between the sheets of material and how it is removed once the holes are drilled. In paragraph 0042 of the Applicant's specification, the removal of the other types of adhesive is discussed, but the liquid adhesive is not mentioned.

Art Unit: 1772

Claims 2 – 13, 17, 32, 34 – 37 and 40 – 43 are also rejected under 35 U.S.C. 112, first paragraph. Specifically, since the claimed invention is not supported by either a specific and substantial asserted utility or a well established utility for the reasons set forth above, one skilled in the art clearly would not know how to use the claimed invention.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
